- Desirable: Knowledge of or interest in patients rights' issues
- Desirable: Knowledge and interest in other European languages and translations

ABOUT EUPATI

Stichting EUPATI Foundation, [the European Patients' Academy \(EUPATI\)](http://www.imi.europa.eu/), is a public-private and multi-stakeholder partnership bringing together patient organisations, academia and pharmaceutical industry. EUPATI was developed and implemented as a flagship project of the Innovative Medicines Initiative (<http://www.imi.europa.eu/>) in 2012 and is today established as an independent non-profit Foundation. EUPATI has already trained over 250 patient experts on medicines research and development (R&D), including clinical trials, regulatory affairs and health technology assessment via its Patient Expert Training Programme and provides training and education to hundreds of patients via its open-access EUPATI Open Classroom. Additionally, EUPATI offers and maintains an online Toolbox on medicines R&D, coordinates a network of 24 EUPATI National Platforms and maintains the EUPATIconnect platform to facilitate collaboration between expert patients and researchers.

PROPOSED TRAINEE PROJECTS

EUPATI works on a variety of activities and the foreseen internship project may be adjusted to the candidates' profile.

1. Improving the EUPATI Online Toolbox

- Mapping, organising and coordinating the development of new toolbox materials and translations in 14 languages <https://toolbox.eupati.eu/>
- Monitoring the use of the Toolbox and access to the different language versions
- Promoting the Toolbox through a social media campaign
- Coordinating the creation and production of new Toolbox articles in different topics of interest

2. Supporting EUPATI Communications towards different stakeholders

- Creating social media content, designing/selecting images for EUPATI communications (website, Twitter, LinkedIn, Facebook)
- Monitoring different channels for relevant content for sharing
- Designing and drafting bi-monthly newsletters for EUPATI's networks
- Creating different media content (video, podcasts)
- Planning media & communication strategies for various activities
- Creating promotional material for the launch of EUPATIconnect Matchmaking platform (to enhance patient engagement and collaboration of EUPATI patient experts with industry/academia)

3. Support EUPATI Training portfolio

- Assisting in the planning and execution of EUPATI Patient Expert Training, in form of online training (EUPATI Open Classroom) and face-to-face/online training events
- Coordinating contacts and communications with training participants, trainers and moderators/facilitators
- Assisting in research and organising training materials Impact survey among former Fundamentals & Essentials participants (internship project)
- Assisting in the planning and delivery (technical support) of EUPATI Patient Engagement Trainings (short 2-day trainings) for industry and academia professionals and in-house trainings
